EXECUTIVE SUMMARY

Dynamic WordPress Developer with proven success in crafting bespoke Elementor themes, high-converting WooCommerce stores, and cross-platform mobile UI. Experienced in executing technical SEO audits, Google Search Console optimization, Core Web Vitals acceleration, and streamlining data operations with Google Sheets. Dedicated to delivering clean architecture and superior user experience.

EXPERIENCE & IMPACT

LEAD WORDPRESS & WEB SOLUTIONS SPECIALIST

Freelance Developer & Consultant | 2024 - Present

- Delivered 15+ custom WordPress and WooCommerce projects with 100% client satisfaction.
- Accelerated page load speeds by 60%+ through code minification, image WebP compression, and caching.
- Implemented end-to-end On-Page SEO strategies resulting in enhanced Google keyword rankings.
- Designed structured Google Sheets for client inventory management, automated pricing, and CRM workflows.
- Developed custom AJAX mini-carts, weight selectors, and modern mobile app interfaces.
- Maintained 99.9% uptime, regular database backups, and SSL/malware security protocols.
